New Construction
 * If this is new construction, LTD is not responsible for measurements of Door and Jamb Size, please verify all is correct with builder
 * The framing needs to be framed 1" wider than the width of actual door unit and 1" taller (EX: Door specs 72"x96" framing should be 73"x97")
 * We currently make all new construction doors are built with a 2"x8" Jamb
 * Here is a chart LTD follows to help:
 if studs are 2"x4" and you are using brick or faux stone, we use a 2"x6" jamb
 if studs are 2"x6" and you are using brick or faux stone we use a 2"x8" jamb
 if you are using real stone, add 2" to these final jamb depths.

* Orders not processed until cads are approved
 * Approximately 90day lead time on all custom orders
 * Deposits are non-refundable on all custom orders
 * Faux finish is hand applied and can vary from door to door
 * Love That Door reserves the right to photo complete job and use as marketing or advertising
 * Please review all information for the selection of your door and send an email acknowledgement or sign and return CAD with approval
 * If this is new construction, LTD is not responsible for measurements of Door and Jamb size please verify all is correct with builder.
